Portfolio

Experience

Application Nexus Webservices Pvt. Ltd.

Pune, Maharashtra

Senior Developer

June 2025 - April 2026

- Built and delivered five robust, scalable web applications utilizing MEAN and MERN stacks, ensuring seamless integration of technical solutions with core business objectives and client expectations.
- Created and deployed scalable RESTful APIs using Node.js and Express.js, boosting system throughput by 50% and bolstering application stability.
- Conducted comprehensive code reviews for critical features, directly contributing to a 15% increase in application stability and user satisfaction.
- Implemented CI/CD pipelines with GitLab CI, reducing deployment failures by 40% and minimizing rollback incidents.
- Developed scalable architecture handling 5k+ daily users, optimizing NoSQL queries and reducing application load times by 40%.

Application Nexus Webservices Pvt. Ltd.

Pune, Maharashtra

Junior Developer

June 2023 - May 2025

- Structured scalable REST APIs handling 10K+ requests/day, reducing latency by 40% and improving backend performance.
- Developed 20+ responsive UI components using React and Angular, improving page load speed by 30% and enhancing user experience.
- Participated in Agile processes, helping deliver 95% of sprint goals on time through effective task tracking in Jira.

Application Nexus Webservices Pvt. Ltd.

Pune, Maharashtra

Full Stack Intern

Jan 2023 - May 2023

- Developed frontend components and integrated RESTful APIs using Angular, Ionic, and Node.js for web and mobile applications.
- Optimized database queries, improving performance by 10% and enhancing application efficiency.

Projects

RespondEDU | Angular, PostgreSQL, Express.js, Node.js, TypeScript

- Built 250+ RESTful API endpoints using Node.js, Express.js, and PostgreSQL.
- Ensured high performance and system reliability across applications.
- Integrated APIs into customer-facing and internal dashboard applications, optimizing data flow and improving overall user experience.

Votewise | React, MongoDB, Express.js, Node.js, Next.js, TypeScript, shadcn/ui

- Built a data-driven platform to collect, analyze, and visualize voting trends, enabling data-informed decision-making.
- Enhanced backend services using Node.js and MongoDB to support real-time data processing, improving response efficiency.
- Streamlined frontend performance using React and Next.js, enhancing visualization and interaction speed.

Alexsur CRM | Angular, MongoDB (Multi-tenant), Node.js

- Designed 30+ judicial print form views in Angular using CSS @print media queries, ensuring printed layouts matched official hard-copy standards.
- Enhanced automated form filling with Angular Reactive Forms, enabling accurate data population into 30+ legal templates.
- Conducted precise physical print validations on legal-size and A4 paper to ensure proper alignment and adherence to judicial compliance standards.

Technical Skills

Frontend: HTML5, CSS3, SCSS, JavaScript (ES6+), TypeScript, React.js, Angular, Next.js, Ionic, Bootstrap, Tailwind CSS.

Backend: Node.js, Express.js, Socket.IO

Version Control: Git, GitHub

Databases: MongoDB, PostgreSQL, MySQL

Tools: Postman, Firebase, Azure, CI/CD, Chrome DevTools, pgAdmin, MongoDB Compass, Jira.

Education

Kaveri College of Arts, Science and Commerce, Pune University

June 2021 – May 2023

Master of Computer Science

CGPA: 8.27/10

Kaveri College of Arts, Science and Commerce, Pune University

June 2018 – May 2021

Bachelor of Computer Science

83.63%
